

# Who will you tell?

Refer a friend  
You both get \$100

## HOW IT WORKS

- Step 1:** Our solar customers receive a solar referral pack containing McNae Solar Referral Cards.
- Step 2:** You then talk to your friends, family or business associates about your solar electric system.
- Step 3:** If they are keen, you give your friends a McNae Solar Referral Card.
- Step 4:** Your friend goes solar with us and gets a \$100 reward—and they start saving money with their new solar electric system—all thanks to you!
- Step 5:** We mail you a \$100 VISA Prezzy Card as a thank you for sharing the power of solar! Your reward will arrive within 6 weeks after your friend has had their system installed.

Our amazing customers have always been the engine of McNae Group's growth.

As a thank you for your trust in us as the supplier of your solar electric system we would like to offer you the opportunity to reap the rewards as you share the excitement and benefits of your system with others.

For every person you refer that installs one of our solar electric systems, we will give you \$100. Plus your friend will get \$100.

The more people you refer that go solar with us, the more money you can earn.
